

REMINDER APP

An app created to help student overcome their lack of time management at ABC University and to provide a seamless experience for them by using mobile apps.

Akmal Hisyam

OVERVIEW OF THE APP

Expense App

Create the reminder app based on expense app program flow chart, on how the project excuted.

Youtube

Wathing youtube on how to create a better input form field for the user interface

MAIN REFERENCE

THANK YOU

Lets dive in to the real
prototype to get a better
lookup for the application
usage
